OBJECTIVES

In the present work, an attempt has been made to study the potentialities for the tourism development in the Nashik district. The present study has the following specific objectives:

1) To identify the natural and man-made resources for tourism development in the study area.
2) To study the existing tourism facilities in the Nashik district.
3) To examine the existing tourism patterns in the study area.
4) To analyze the functional and behavioral aspects of tourism.
5) To examine the role of Government & other stakeholders in tourism development.
6) To suggest comprehensive measures for future planning of tourism development in the study region.
