HYPOTHESIS OF THE STUDY

The researcher desires to test the following statement of hypothesis-

1. The services rendered by sample cooperative sugar factories in Pune district are not sufficient.

2. Salary and other allowances given by co-operative sugar factories to its staff-members and sugarcane workers are very low.

3. There are imbalance geographical development of Maharashtra state is made due to cooperative sugar factories. Geographical area of western Maharashtra is well developed compare to Vidarbha, Marathwada & Konkan region.
