OBJECTIVE OF THE STUDY:

The aim of this study is:

1. To explore EFL teachers’ and learners’ perceptions of web-based activities.

2. To investigate the extent to which this use is influenced by factors such as gender, nationality, level taught and the teaching experience in case of EFL teachers’ and background knowledge in case of EFL learners’.

3. To highlight the obstacles those come in using these activities both by EFL teachers’ and learners’.

4. To highlight and explore the most popular web-based activities among both EFL teachers’ and learners’.

5. To find the best ways of using computers in the English class.
