Objectives:

The proposed study aims to make a survey of the representation of women in Indian English novels after the Independence to find out the trends and dynamics of the changes in the gendered attitude of the Indians. The objectives of the study are as follows:

1. To make a survey of the representation of women in post-independent Indian novels.

2. To analyze the socio-cultural environmental descriptions in the selected novels.

3. To validate the representation of women in novel with the contemporary social situations.
