Hypothesis:

Present scholar imagines that Vidarbha Cricket Association contribute for the development in sports lies not enough regarding its aims and developments.

1) Some district sport organization’s work is satisfactory regarding development.

2) Some district sport organization lead in publishing games and sports.

3) Some district sport organization do not shown their interest in publishing the sport and games.

4) Some district sport organization thinking that to organize the sport is only their responsibility.

5) Some officer of VCA and district organization run the organization only for their political issue.

6) There is no co-ordination between VCA and district association.

7) Conclusively it is better to say that VCA is trying its level best to establish its existence in some percentage.
