METHODOLOGY:

The study is based on primary and secondary survey. This data is collected from Nashik district census, Handbook of Nashik city, Social & economical survey of Nashik municipal corporation, Statistical review of Nashik district etc. Statistical information is collected by visiting different Government & Semi-Government offices, private offices and NGO’s. Methodology will be through:

1. Interview
2. Observations
3. Questionnaires
4. Visiting and Viewing Library record

Sampling methods:

1. Random sample will be used in this study population
2. Selected sample will be given two set of questionnaires.

WORK PLAN

Selection of Research Problem
