**Hypothesis**

*Statement(s) of hypothesis:*

A Hypothesis is an unproven statement or proposition about a factor or phenomenon that is of interest to the researcher.

Based on the proposed relationship discussed above, a set of hypothesis are developed to empirically address the research question.

\[ H_1 \] There is a significant relationship between the level of teacher’s involvement and level of teacher’s empowerment.

\[ H_2 \] There is a significant relationship between the level of teacher’s empowerment and level of teacher’s satisfaction.

\[ H_3 \] There is a significant relationship between the level of teacher’s satisfaction and the teacher’s affiliation and loyalty to the B-Schools?
