HYPOTHESIS

A hypothesis is an explanation, tentative and unsure of itself, for specific phenomena about which we have questions.

Following are the hypothesis that will be tested after detailed study of data collection and analyzes.

\[ H_0 \] There is no significant impact of All India Radio and Doordarshan programs on students.
\[ H_1 \] There is significant impact of All India Radio and Doordarshan programs on students.

\[ H_0 \] These programs do not promote the social and educational awareness.
\[ H_1 \] These programs promote the social and educational awareness.

\[ H_0 \] The students are not benefiting from All India Radio and Doordarshan.
\[ H_1 \] The students are benefiting from All India Radio and Doordarshan.
